Product description:

USED PORTABLE POWER STATION 2 KW INVERTER

Portable Power Station Used 2 KW is a practical solution to have access, in any situation, to a source of energy without the problem of bringing with them the fuel supply and the concern of noise.

Unlike generator sets or power generators the Portable Station **does not require fuel** such as gasoline or diesel to power it. The Used Power Station can be easily charged via a 25.5 V / 8 A charger or solar power or through your car, RV, truck, etc.

The Used Portable Station 2 KW is an excellent product for supplying energy thanks to its small size and weight (it weighs only 21.5 kg).

Thanks to its compactness, it can be easily transported to wherever you need it most.

Another fundamental characteristic of this practical battery is that, as it has no motor, it **does not make noise**, thus respecting the environment and lowering noise emissions, as well as the fact that it does not require any maintenance to be carried out.

TECHNICAL FEATURES USED PORTABLE POWER STATION 2 KW:

Certifications: CE, FCC, RoHS, PSE

INPUT

Wall Charging: 25.5 V - 8 A adapter (included)

Solar Charging: 18-30 V - 300 W max (not included)

OUTPUT

N.2 AC Outlets: Schuko 2000 W continuous, 4000 W peak

N.2 DC Port: 120 W / 12 V

N.1 USB Port: 60 W / 20 V

N.1 USB port: 18 W / 12 V

N.2 USB port: 12 W / 5 V

N.1 cigar port: 120 W / 12 V

BATTERY

Capacity: 2220 Wh (600 Ah)

Inverter: 2000 W

Life span: +- 500 cycles

Length: 320 mm

Width: 230 mm

Height: 320 mm

Weight: 21.5 Kg

Environmental Sustainability : The Used Portable Battery is environmentally friendly in that it does not emit harmful gases or generate noise, respecting the surrounding environment. In addition, it does not require expensive maintenance.

Various charging sources : The Used battery can be recharged from a variety of sources, including a wall charger, solar power or even vehicles, providing flexibility in its use.

Battery Used is a carefully selected and researched product in the market and this product is definitely ideal for you.

Environmentally aware people Choose an environmentally friendly product that reduces environmental impact.

Campers and outdoor enthusiasts: Enjoy nature without giving up the convenience of having energy at your disposal.
