Product description:

VITRIFRIGO IM XT HYDRO (12Vdc) ICE MAKER - DOOR INSIDE

VITRIFRIGO IM XT HYDRO (12Vdc) is a pinnacle of technology and convenience designed to meet the needs of sailing enthusiasts. By combining the reliability of stainless steel casing with an intuitive mechanical ice production system, this product delivers impeccable performance in marine environments.

Its versatility is evident: the HYDRO version is designed for direct connection to the boat's water system.

Regardless of the choice, VITRIFRIGO IM XT HYDRO ensures a constant supply of fresh and crystalline ice, up to 4 kg in just 24 hours.

With a total capacity of 24 liters and a net weight of 28 kg, VITRIFRIGO IM XT is perfectly sized to meet the needs of vessels of various sizes. Its compact design, with a total width of 387 mm, a height of 485 mm, and a depth of 516 mm, allows for easy installation even in the most limited spaces.

In addition to impeccable technical specifications, VITRIFRIGO IM XT HYDRO boasts a range of premium features to ensure an unparalleled experience. The inside and outside door, with full and partial flush profiles, provides secure and reliable closure in any situation. Nautical handles and pin lock systems ensure additional protection against intrusions and smooth operation even in the harshest conditions.

Furthermore, the presence of a dual-function thermostat allows for precise management of ice

production and maintenance,
ensuring an optimal temperature to preserve beverages and fresh food during long sea voyages.
In summary,
VITRIFRIGO IM XT HYDRO is the ideal choice for those seeking a reliable, efficient, and marine-friendly ice maker.

VITRIFRIGO IM XT HYDRO Technical Specifications:

Total capacity: 24 liters
Power supply: 12 Vdc
Nominal consumption: 180 W
Ice Production Kg/24h: up to 4
Total width: 387 mm
Total depth: 516 mm
Total height: 485 mm
Net weight: 28 Kg
