Product description:

VITRIFRIGO C85i FRIDGE-FREEZER

The VITRIFRIGO C85i from the AIRLOCK series represents the pinnacle of innovation in the refrigerators and freezers sector, with an impressive combination of advanced features and elegant design. Equipped with the revolutionary Airlock closure system, designed to ensure an airtight seal of the door and prevent accidental openings, this fridge-freezer offers an unprecedented level of safety and convenience.

With a total capacity of 85 liters and a large 12.8-liter freezer compartment, the VITRIFRIGO C85i is ideal for meeting the storage needs of any family or household. Thanks to its compact and versatile design, it can be easily integrated into any space, while offering a large storage capacity for fresh and frozen foods.

One of the distinctive features of this product is its reversible door, which allows for unparalleled installation flexibility.

Thanks to careful component design, door reversibility can be achieved quickly, offering greater convenience to the user.

Additionally, the VITRIFRIGO C85i is equipped with the integrated "vent position" system, which allows the door to be left slightly open during periods of non-use to prevent the formation of unpleasant odors and mold.

This ensures greater freshness and longevity of the foods stored inside the refrigerator.

The AIRLOCK series is also distinguished by its refined and elegant aesthetics. Available in two color variants,

Light grey and Black, with a matte finish door panel, the VITRIFRIGO C85i perfectly complements any home or professional environment, adding a touch of style and sophistication.

For further customization, the refrigerator comes complete with optional profiles and offers options such as the D power system and the "fridge-only" version, to adapt to the diverse needs and preferences of the user.

In summary, the VITRIFRIGO C85i from the AIRLOCK series represents the perfect balance between technological innovation, advanced features, and elegant design, offering a superior food storage experience in any environment.

Technical Specifications VITRIFRIGO C85i:

Total capacity liters: 85

Freezer capacity liters: 12.8

Net weight: 25 Kg
