Product description:

VITRIFRIGO TL160BT CHEST FREEZER

The VITRIFRIGO TL160BT is a cockpit fridge with an internal cooling unit, designed specifically to meet the storage needs aboard vessels such as yachts and boats. With a total capacity of 160 liters, it provides ample storage space to keep items fresh during long sea voyages.

Its robust and durable structure is engineered to withstand the most demanding marine conditions, ensuring maximum durability and reliability.

Thanks to the internal cooling unit, it ensures uniform and efficient cooling, maintaining a constant internal temperature even in variable marine environments.

Weighing only 29 kg, the VITRIFRIGO TL160BT is lightweight and easy to install, offering a practical solution for onboard storage.

Compatible with common boat electrical systems thanks to its 12/24Vdc power supply, it ensures reliable operation in any situation. It is also available with a dual-power unit 12/24Vdc - 100-240Vac 50/60Hz, providing greater flexibility in power supply.

With a nominal power consumption of just 43W, the VITRIFRIGO TL160BT ensures optimal energy efficiency, minimizing its impact on the vessel's electrical system. Its dimensions of 526 mm in width, 752 mm in height, and 725 mm in depth allow for easy installation in various onboard space configurations.

The VITRIFRIGO TL160BT is the ideal choice for those seeking a reliable and spacious cockpit fridge for use on yachts and boats.

With its generous capacity and advanced design,

it stands out as a leading solution in the industry, ensuring safe and efficient storage during sea adventures.

TECHNICAL CHARACTERISTICS VITRIFRIGO TL160BT:

Total capacity litres: 160

Net weight: 29 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 43W

Width: 526 mm.

Height: 752 mm.

Depth: 725 mm.

Internal temperature at 25°C ambient: 4°C

Indoor temperature at 30°C ambient: -12°C (C160BT model)

The Vitrifrigo TL43 is an ideal solution for those who want a compact and lightweight refrigerator-freezer for installation in a motorhome or caravan. It is a reliable and efficient product that guarantees quiet operation and even cold distribution.

Product features:

Length (mm): 725

Width (mm): 526

Height (mm): 752

Dry weight (Kg): 29

Feed Type: 12/24Vdc (disponibile anche con centralina bivalente 12/24Vdc - 100-240Vac 50/60Hz)

Product type: Frigorifero a Pozzetto

Capacity of the refrigerator (L): 160

Nominal consumption: 43W

Inside temperature at 25°C ambient: 4°C

Inside temperature at 30°C ambient: -12°C (model C160BT)
