Product description:

VITRIFRIGO DCW95 WINE CELLAR

The VITRIFRIGO DCW95 wine cooler offers an excellent solution for wine preservation. Available in capacities of up to 32 bottles, with tinted glass and brushed stainless steel finish, it is perfect for keeping wine in optimal conditions.

Temperature regulation via digital thermostat ensures a constant temperature range between +4°C and +18°C, ideal for long-term storage.

With a total capacity of 95 liters, the VITRIFRIGO DCW95 wine cooler provides ample space for wine bottles.

Power can be supplied via both 12/24Vdc and 100-240Vac 50/60Hz, offering flexibility for use in various settings.

The integrated LED light provides effective illumination, and the Pin Lock system ensures door security.

With a low energy consumption of only 0.60 kWh/24h, the VITRIFRIGO DCW95 wine cooler is efficient and environmentally friendly. Thanks to its compact design and ability to be mounted on various surfaces, it is perfect for wine enthusiasts looking to preserve their bottles optimally.
