Product description:

VITRIFRIGO VFP50 PORTABLE FRIDGE-FREEZER

The VITRIFRIGO VFP50 from the Vfree Plus series is a portable fridge-freezer suitable for special installations, ideal for yachts and boats. With a total capacity of 50 liters, it weighs only 15.7 kg. It operates on 12/24Vdc or 100-240Vac at 50/60Hz, with a nominal consumption of 60W, ensuring energy efficiency of class F. Its compact dimensions make it perfect for limited spaces, with a total width of 647 mm, height of 506 mm, and depth of 400 mm.

The internal temperature range varies from +20°C to -20°C, ensuring optimal food preservation.

The VITRIFRIGO VFP50 is equipped with an advanced LCD digital control panel called Total Control, allowing access to all fridge functions. Additionally, it offers the convenience of remote control via smartphone through the Remote Control feature.

The presence of an internal LED light improves visibility and reduces energy consumption.

Among the options available for the VITRIFRIGO VFP50, there's the Double Power, which includes a 12/24Vdc cigarette lighter cable and an external 100-240Vac adapter. The Super Energy option offers a removable 15600mAh lithium-ion battery for extra power. The Max Protection feature safeguards the fridge during outdoor use, while the Solar Kit provides a portable 100/200W solar panel for charging the battery.

For added convenience, the Next Gen Slides option provides ultra-resistant steel sliding guides for the VITRIFRIGO VFP50. In conclusion, the VITRIFRIGO VFP50 offers a combination of advanced features and additional options to cater to specific user needs, ensuring a reliable and convenient refrigeration experience.

Technical Specifications VITRIFRIGO VFP50:

Total capacity liters: 50
Net weight: 15.7 Kg
Power supply: 12/24Vdc - 100-240Vac 50/60Hz
Nominal consumption: 60W
Total width: 647 mm.
Total height: 506 mm.
Total depth: 400 mm.
Energy class: F
Indoor temperature range: +20°C / -20°C

VITRIFRIGO VFD50 Portable Fridge-Freezer

Product features:

Length (mm): 400
Width (mm): 647
Height (mm): 400
Dry weight (Kg): 15.7
Feed Type: 12/24Vdc - 100-240Vac 50/60Hz
Product type: Portable and special installation fridge-freezers
Capacity of the refrigerator (L): 50
Energy class: F
Nominal consumption: 60W
Internal temperature: +20°C / -20°C
