Product description:

VITRIFRIGO VFT50 PORTABLE FRIDGE-FREEZER

The VITRIFRIGO VFT50 from the Vfree Plus series is a portable fridge-freezer suitable for both yachts and boats. With a total capacity of 50 liters and a net weight of 17.7 kg, it is powered by both 12/24Vdc and 100-240Vac at 50/60Hz, ensuring a nominal consumption of 60W and energy efficiency class F.

Featuring compact dimensions of 711 mm width, 506 mm height, and 460 mm depth, the VITRIFRIGO VFT50 is ideal for environments with limited space. Its internal temperature range from +20°C to -20°C ensures optimal food preservation.

Equipped with an advanced LCD digital control panel named Total Control, the VITRIFRIGO VFT50 allows access to all refrigerator functions. It offers the convenience of remote control via smartphone through the Remote Control function. The presence of an internal LED light not only enhances visibility inside the fridge but also contributes to reducing energy consumption.

Among the available options for the VITRIFRIGO VFT50, there's the Double Power, including a 12/24Vdc cigarette lighter cable and an external 100-240Vac adapter. The Super Energy option offers a removable 15600mAh lithium-ion battery to provide extra power.

The Max Protection feature protects the fridge during outdoor use, while the Solar Kit provides a portable 100/200W solar panel to charge the battery.

For added convenience, the Next Gen Slides option includes ultra-resistant steel sliding guides for the VITRIFRIGO VFT50.

In conclusion, the VITRIFRIGO VFT50 offers a combination of advanced functionalities and additional options to meet specific user needs, ensuring a reliable and convenient

refrigeration experience.

Technical Specifications VITRIFRIGO VFT50:

Total capacity liters: 50

Net weight: 17.7 Kg

Power supply: 12/24Vdc - 100-240Vac 50/60Hz

Nominal consumption: 60W

Total width: 711 mm.

Total height: 506 mm.

Total depth: 460 mm.

Energy class: F

Indoor temperature range: +20°C / -20°C

Looking for a cockpit refrigerator with different technical characteristics? Here you can find the full range VITRIFRIGO or other specialized brands.

Product features:

Length (mm): 460

Width (mm): 711

Height (mm): 506

Dry weight (Kg): 17.7

Feed Type: 12/24Vdc - 100-240Vac 50/60Hz

Product type: Portable and special installation fridge-freezers

Capacity of the refrigerator (L): 50

Energy class: F

Nominal consumption: 60W

Internal temperature: +20°C / -20°C
