Product description:

VITRIFRIGO C47 DRAWER FRIDGE-FREEZER

The VITRIFRIGO C47 is a fridge-freezer designed for special installations, ideal for trucks and industrial vehicles. With a capacity of 47 liters, it offers ample internal space divided into a single compartment, with the option of a fixed or movable partition to adapt to conservation needs. Also available with an Airlock closing system for optimal sealing.

This model is powered by 12/24Vdc, but is also available with a dual-power unit 12/24Vdc - 100-240Vac 50/60Hz for increased flexibility of use. The VITRIFRIGO C47 features a reversible door to adapt to various installation configurations.

Measuring 430 mm wide, 392 mm high, and 682 mm deep, the VITRIFRIGO C47 easily fits into driver's cabins and other confined spaces. Thanks to its nominal power consumption of only 31W, it offers optimal energy efficiency.

The VITRIFRIGO C47 comes with various additional options, including the D power system for increased power flexibility and the possibility of mounting with flush or surface flange. With its innovative design and reliable performance, the VITRIFRIGO C47 is the ideal choice for those seeking a high-quality fridge-freezer for their special refrigeration needs.

The VITRIFRIGO C47 is the ultimate solution for refrigeration in specialized settings, offering versatility and efficiency.
