

VITRIFRIGO - ND35 OR-V

Refrigeration unit

Product description:

VITRIFRIGO ND35 OR-V REFRIGERATION UNIT

The VITRIFRIGO ND35 OR-V refrigeration unit is a reliable and versatile solution for refrigeration, suitable for refrigerators up to 300 liters and freezers up to 100 liters.

Refrigeration units are available after compatibility verification with vessel dimensions and required power. Contact us for more information.

Powered by 12/24 Vdc and supplied with nitrogen pressure, the VITRIFRIGO ND35 OR-V offers flexibility to be equipped with quick couplings and additional power supply at 100/240 Vac upon request. AC power can be managed through an electronic control unit (12-24 / 100-240 Vac 50/60 Hz) or an external adapter with automatic switching, depending on system needs.

Technical specifications of the VITRIFRIGO ND35 OR-V include a width of 270 mm, a height of 170 mm, and a depth of 160 mm. These compact dimensions allow easy and versatile installation in a variety of environments.

Additionally, thanks to its robust construction and optimized design, this unit ensures reliable and durable performance over time.

Finally, detailed information provided in the tables offers a comprehensive guide to configuring and practically applying the VITRIFRIGO ND35 OR-V. With its versatility and excellent performance, this product proves to be an ideal choice for a wide range of applications in the industrial refrigeration sector.

The VITRIFRIGO ND35 OR-V ensures continuous and reliable operation, while the use of nitrogen pressure ensures excellent efficiency in maintaining desired

temperatures.

Technical features of VITRIFRIGO ND35 OR-V:

Standard equipment: 12/24Vdc without quick couplings

Optional equipment: 12/24Vdc - 100-240Vac 50/60Hz with quick couplings

Width: 275 mm.

Height: 160 mm.

Depth: 150 mm.

Looking for a product with different technical features? Here you can find the section dedicated to VITRIFRIGO refrigerating units or other specialized brands.

Product features:

Length (mm): 150

Width (mm): 275

Height (mm): 160

Product type: Unità refrigerante

Standard equipment: 12/24Vdc without quick couplings

Optional equipment: 12/24Vdc - 100-240Vac 50/60Hz with quick couplings
