Product description:

VITRIFRIGO DW210 OCX2 DTX FREEZER-FRIDGE

The VITRIFRIGO DW210 OCX2 DTX is a double-compartment fridge-freezer, part of the stainless steel drawer fridge-freezer series DW OCX2 by VITRIFRIGO. This series, characterized by a renewed design and advanced functionalities, offers a versatile solution for food preservation.

With a total capacity of 182 liters, including 78 liters in the upper compartment and 104 liters in the lower one, the VITRIFRIGO DW210 OCX2 DTX provides ample space to organize food and beverages. Thanks to its innovative design, it can be installed as both Door Inside and Door Outside using a single fixing profile, offering flexibility in usage.

The Steelock technology of the VITRIFRIGO DW210 OCX2 DTX ensures secure and reliable closure, while the LED thermostat allows precise temperature control. The Steelock handle features a vent position, allowing optimal ventilation during idle periods. The new Venting Frame system of the VITRIFRIGO DW210 OCX2 DTX optimizes air circulation, preventing the formation of mold and unpleasant odors.

The sturdy drawers offer resistance and capacity for optimal food organization, while the 316 stainless steel material ensures durability and resistance to corrosion. The internal LED light guarantees perfect illumination inside the refrigerator, facilitating content visualization and access.

In summary, the VITRIFRIGO DW210 OCX2 DTX represents a versatile and reliable solution for food preservation in any domestic or professional environment. With its modern design and advanced features, it meets food preservation needs efficiently and conveniently.

Technical Specifications VITRIFRIGO DW210 OCX2 DTX:

Total capacity litres: 182

Upper compartment capacity litres: 78

Lower compartment capacity litres: 104

Net weight: 61 Kg.

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 61W

Total width: 739 mm.

Total height: 893 mm.

Total depth: 636 mm.
