Product description:

DOMETIC NRX0060C COMPRESSOR REFRIGERATOR

The DOMETIC NRX0060C is a high-quality compressor refrigerator with a capacity of 55 liters, featuring an innovative design and superior energy efficiency. This intelligent refrigerator is equipped with a frameless door with a dark silver front, enhanced by a full-width handle, which not only gives it an elegant appearance but also offers convenience in opening.

One of the distinctive features of the DOMETIC NRX0060C Compressor Refrigerator is its internal versatility.

Inside, you'll find a 6.1-liter freezer compartment, easily removable to make the most of the available space and ensure maximum flexibility in food organization.

This DOMETIC refrigerator is a true 3-in-1 solution: it can be used as a refrigerator, freezer, or both, offering a range of options to meet your food storage needs.

At the heart of this DOMETIC NRX0060C refrigerator is its high-end compressor, designed to ensure optimal energy savings. With three operating modes (Eco/Boost/Silent), you can choose the configuration that best suits your usage needs and save energy without compromising cooling performance.

The back of the DOMETIC NRX0060C is tapered to maximize available space, while the door is reversible, with hinges on the right or left, to easily adapt to the surrounding environment and your personal preferences. The dual-function locks not only securely close the refrigerator but can also serve as vents to ensure proper air circulation.

The DOMETIC NRX0060C compressor refrigerator comes complete with a standard or flush-

mounting frame,
available as an optional accessory, to facilitate installation and integration into the home or professional environment.

The DOMETIC NRX0060C compressor refrigerator offers reliable and long-lasting performance, confirmed by its technical specifications: powered by a 12/24 V DC input voltage, with a rated power of 55 A.

It uses R134a refrigerant and is classified with a GWP of 1430, demonstrating DOMETIC's commitment to environmental sustainability.

With an energy consumption of only 0.31 kWh/24h at 5/25 °C and a T climate class, the DOMETIC NRX0060C delivers exceptional performance without compromising energy efficiency.

Technical Characteristics DOMETIC NRX0060C:

Depth: 537 mm.

Height: 525 mm.

Width: 448 mm.

Dry weight: 17 kg.

Total volume: 55 L.

Frozen Volume Total: 6.1 L.

Input voltage (direct current): 12/24 V.

Rated input power, (direct current): 55 A.

Refrigerant: R134a

Refrigerant quantity: 30 G.

CO2 equivalent: 0.043 t.

Energy consumption (DC at 5/25 °C): 0.31 kWh/24h

Climate class: T

Pack depth dimensions: 618 mm.

Pack height: 591 mm.

Pack width dimensions: 575 mm.

Pack weight: 22 kg.
