Product description:

VITRIFRIGO DW250 OCX2 RFX FRIGO-FRIGO

The VITRIFRIGO DW250 OCX2 RFX is a double refrigerator with a modern design and advanced features. Belonging to the DW OCX2 series, it offers an upper compartment for the refrigerator and a lower one for the freezer, both made of high-quality stainless steel. With a total capacity of 232 liters, including 157 liters in the upper and 75 liters in the lower, it provides ample storage space to organize food neatly.

The OCX2 series by VITRIFRIGO presents a new design characterized by a squared satin stainless steel door and a top with glossy finishes, giving the product an elegant and modern look. Additionally, thanks to the unique mounting system, the refrigerator can be positioned as both a door outside and a door inside, offering flexibility in installation.

The VITRIFRIGO DW250 OCX2 RFX is equipped with advanced features to enhance the food preservation experience.

The "Steelock" closure ensures a perfect seal, while the LED thermostat allows precise temperature control. The Steelock handle is designed with a vent position that allows ventilation during periods of non-use, preventing the formation of mold and unpleasant odors.

The new "Venting Frame" latching system in the VITRIFRIGO DW250 OCX2 RFX promotes better air circulation and increases refrigeration efficiency.

The sturdy drawers offer ample space to organize food neatly. Additionally, the presence of an LED light ensures optimal illumination inside the refrigerator, facilitating food search even at night.

With reduced nominal energy consumption and various power options,

including 12/24Vdc and bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz, the VITRIFRIGO DW250 OCX2 RFX is ideal for both domestic and commercial use. Thanks to its combination of style, functionality, and reliability, it represents an excellent choice for those seeking a high-quality refrigerator-freezer.

Technical Specifications VITRIFRIGO DW250 OCX2 RFX:

Total capacity litres: 232

Upper compartment capacity litres: 157

Lower compartment capacity: 75 litres

Net weight: 67 Kg.

Upper compartment power supply (A): 12/24Vdc (also available with bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz)

Lower compartment power supply (B): 12/24Vdc (also available with bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption upper compartment (A): 45W

Nominal consumption lower compartment (B): 38W

Width: 682 mm.

Height: 1333 mm.

Depth: 594 mm.

Product features:

Length (mm): 594

Width (mm): 682

Height (mm): 1333

Dry weight (Kg): 67

Product type: Refrigerator

Total capacity liters: 232

Upper compartment capacity liters: 157

Lower compartment capacity litres: 75

Upper compartment power supply: 12/24Vdc (disponibile anche con centralina bivalente)

12/24Vdc - 100-240Vac 50/60Hz)

Lower compartment power supply: 12/24Vdc (also available with bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption upper compartment: 45W

Nominal consumption lower compartment: 38W
