Product description:

VITRIFRIGO DW360 OCX2 DTX IM ICEMAKER FRIDGE-FREEZER

The VITRIFRIGO DW360 OCX2 DTX IM is a high-quality refrigerator and freezer, designed to meet the most demanding needs in terms of performance and design. This innovative product combines an upper compartment for the refrigerator and a lower one for the freezer, equipped with a practical integrated icemaker.

The VITRIFRIGO DW360 OCX2 DTX IM stands out for its elegant and functional design. The new squared door in satin stainless steel gives it a modern and exclusive look, while the top with glossy finishing elements adds a touch of refinement.

With a total capacity of 301 liters, the VITRIFRIGO DW360 OCX2 DTX IM offers ample space to store food and beverages in an orderly and organized manner. The upper compartment has a capacity of 157 liters, while the lower one offers 80 liters for the freezer and an additional 64 liters for the icemaker.

The VITRIFRIGO DW360 OCX2 DTX IM is designed to ensure maximum ease of use. Thanks to its unique fixing profile, the refrigerator can be positioned either as a door outside or as a door inside with a simple translation of the profile itself. Additionally, the STEELOCK closure system ensures a perfect seal, guaranteeing the freshness of food and preventing accidental openings.

The DW OCX2 series is characterized by the use of high-quality materials, such as stainless steel 316, which ensures resistance and durability over time. The presence of LED lighting inside the refrigerator ensures perfect illumination, while the LED thermostat allows for precise and intuitive temperature control.

Equipped with resistant and spacious drawers, the VITRIFRIGO DW360 OCX2 DTX IM offers

flexible storage solutions for every type of use. Thanks to its advanced technology and refined design, this refrigerator is the ideal choice for those seeking high performance and unparalleled style.
