Product description:

BM2 SIDRA 17013 HIGH PRESSURE WASHER

BM2 SIDRA 17013 is one of the best professional hot water High Pressure Washers available on the market. Equipped with cutting-edge features and high quality, it is designed to deliver superior performance in a wide range of applications.

Its technical specifications include a maximum pressure of 170 bar, ensuring effective and powerful cleaning in any situation.

The high-efficiency pump with ceramic pistons and brass head, distinctive features of the BM2 SIDRA 17013 High Pressure Washer, ensures durability and optimal performance.

The 1450 rpm motor guarantees constant and reliable power, while the motor thermal protection ensures safety during prolonged use.

Thanks to the delayed Total Stop, the machine automatically stops when not in use, contributing to energy savings and machine longevity.

The BM2 SIDRA 17013 High Pressure Washer offers reliable and long-lasting performance to meet the most demanding needs.

The presence of two free wheels and one pivoting wheel with brake makes this pressure washer extremely portable and easy to maneuver, even on rough terrain.

Additionally, the BM2 SIDRA 17013 is equipped with a feeding water tank with a floating valve and an externally inspectable water filter, simplifying refilling and maintenance operations.

The boiler design with over 89% efficiency ensures rapid water heating and a maximum temperature of 80°C, ideal for removing even the most stubborn dirt.

The 35-liter diesel tank and 3-liter detergent tank ensure sufficient autonomy to carry out intensive cleaning tasks without frequent interruptions.

With compact dimensions and a weight of 111 kg, the BM2 SIDRA 17013 High Pressure Washer is easy to transport and position even in tight spaces. Thanks to its reliability, efficiency, and versatility, it is the ideal choice for professionals who require high performance and durability from their equipment.

Technical Features BM2 SIDRA 17013:

Phase type: Three-phase

Fuel: Diesel

Frequency: 50 Hz

Voltage: 400 V

Maximum pressure: 170 bar - 17 MPa - 2460 psi

Maximum flow rate: 735 Lt./h

Pump: IP E2

Shut-off system: TSD

Pump rotation: 1450 rpm

Max. power consumption: 4.7 KW

Power supply: 400V - 3ph - 50Hz

Mas temperature: 80 °C

Diesel tank: 35 lt

Detergent tank: 3 lt

Length: 956 mm

Width: 610 mm

Height: 940 mm

Weight: 111 Kg.

Product features:

Phase: Single phase

Fuel: Diesel

Frequency (Hz): 50

Voltage (V): 400

Pump type: IP E2

Maximum output capacity (Lt/min): 600

Transportability: Wheels and handles

Fuel tank capacity (L): 35

Length (mm): 956

Width (mm): 610

Height (mm): 940

Dry weight (Kg): 101

Feed Type: 230V - 1ph - 50Hz

maximum water temperature (°C): 80

Weight (Kg): 70

Maximum input power (KW): 3.0

Pump rotation (rpm): 1450

Maximum pressure (bar-MPa-psi): 130 - 13 - 1880

Stop system: TSD

Detergent tank: 3
