

FISCHER PANDA 7Mini PMS SINGLE-PHASE MARINE GENERATOR 60Hz

Product price:

14.629,00 € tax excluded

Product description:

FISCHER PANDA 7Mini PMS Compact power for your boat

FISCHER PANDA 7Mini PMS, a single-phase marine generator that combines power and compact dimensions.

Powered by a 479 cm³ 2-cylinder Kubota KU Z482 engine, the FISCHER PANDA 7Mini PMS delivers a nominal power of 6.0 kW (6.0 kVA) and a continuous power of 5.4 kW (5.4 kVA), providing enough energy to power a variety of devices on board your boat.

The Fischer engine speed of 3600 rpm ensures efficient and smooth operation, while the 120 V nominal voltage and 60 Hz frequency make it compatible with most marine electrical appliances.

The compact and robust design, with dimensions of 595 x 455 x 555 mm and a weight of 163 kg, makes the FISCHER PANDA 7Mini PMS easy to install and transport, even on small boats.

Special attention has been paid to sound insulation: the GFK 3D version with GFK sound cover and 3D sound-absorbing material significantly reduces noise, ensuring quiet and comfortable operation, with sound levels of 52 dB(A) at 7 metres, 62 dB(A) at 5 metres and 67 dB(A) at 1 metre.

The FISCHER PANDA 7Mini PMS also boasts several features that increase its practicality and safety:

Starting system on demand: electric or recoil start, to suit your needs.

Fuel level indicator: for precise monitoring of remaining fuel.

Ground socket: for greater safety during electrical operations.

Carrying handle: for easy transportation from one point to another on the boat.

Technical specifications FISCHER PANDA 7Mini PMS:

Engine speed [rpm]: 3600

Nominal voltage in volts: 120

Frequency [Hz]: 60

Number of phases 1

Nominal performance [kW] 6.0

Nominal performance [kVA] 6.0

Continuous performance [kW] 5.4

Continuous performance [kVA] 5.4

Motor manufacturer: Kubota

Engine type: KU Z482

No. Cylinders: 2

Displacement [cm³] 479

Starting system: on request

Version GFK 3D

Type of soundproofing GFK

Sound insulation material: 3D

Housing dimensions L x W x H [mm] 595x455x555

Total weight of generator with capsule [kg] 163

Sound levels [dbA] 7m - 5m -1m 52 - 62 - 67

Product features:

Phase: Single phase

Maximum power single phase (KW): 6.0

Continuous power single phase (KW): 5.4

Maximum power single phase (KVA): 6.0

Continuous power single phase (KVA): 5.4

Frequency (Hz): 60

Voltage (V): 120

Engine: KU Z482

Engine rpm (rpm): 3600

Engine capacity (cm³): 479

Number cylinders: 2

Cooling: Water

Length (mm): 595

Width (mm): 445

Height (mm): 555

Silenced: Yes

Engine manufacturer: Kubota

Weight (Kg): 163
