BM2 SUPER PLUS 20015 HIGH PRESSURE WASHER 200 BAR

The BM2 SUPER PLUS 20015 High Pressure Washer, 200 bar, represents excellence in the high-pressure machine sector. With advanced features and extraordinary performance, it's designed to meet demanding cleaning and maintenance needs.

At the heart of this powerful machine, the BM2 SUPER PLUS 20015 High Pressure Washer, 200 bar, is the ACDS2 advanced control system, providing precise control of pressure and water flow, ensuring unprecedented efficiency. Its delayed stop function enhances safety during use, while the possibility of connecting to a diagnostic reader simplifies maintenance.

The BM2 SUPER PLUS 20015 is equipped with a range of control and protection functions, including leak detection, flame control, water shortage control, and diesel level control, all indicated by LED for safe and smooth operation. Additionally, the adjustable limescale system allows adapting the machine to specific needs.

With an ergonomic and functional design, the BM2 SUPER PLUS 20015 offers high ease of use, with free and swivel wheels for easy maneuverability and a storage compartment for convenient access to accessories and adjustment tools.

In conclusion, the BM2 SUPER PLUS 20015 High Pressure Washer, 200 bar, is the ideal choice for those seeking superior performance, reliability, and safety in one solution. With its cutting-edge technology and innovative features, it's ready to deliver impeccable results in every cleaning situation.
