BM2 SUPER PLUS 20018 HIGH PRESSURE WASHER 200 BAR

The BM2 SUPER PLUS 20018 High Pressure Washer 200 bar is the pinnacle of innovation in the high-pressure machine sector. Characterized by outstanding performance and advanced functionalities, the BM2 SUPER PLUS 20018 is designed to meet the most demanding cleaning and maintenance needs.

At the heart of this powerful machine, the BM2 SUPER PLUS 20018, is its pump, which utilizes connecting rods with ceramic pistons and a brass head to ensure exceptional durability and consistent performance over time. The high-efficiency motor at 1450 rpm and the motor-pump coupling via an elastic joint ensure reliable operation in any situation.

The BM2 SUPER PLUS 20018 offers precise pressure control thanks to the pressure regulation valve, while its high-pressure detergent delivery ensures deep and effective cleaning on any surface. The presence of an adjustable limescale system allows adapting the machine to specific cleaning needs.

Safety is a priority with the BM2 SUPER PLUS 20018 High Pressure Washer, equipped with a series of control and protection functions, including leak detection, flame control, water shortage control, and diesel level control, all indicated by LED for safe and smooth operation. Additionally, the presence of two free and two swivel wheels with brakes ensures easy maneuverability in any environment.

With an ergonomic and functional design, the BM2 SUPER PLUS 20018 offers high ease of use, with a storage compartment for convenient access to accessories and adjustment tools. Its ability to store machine usage time allows for optimal maintenance management.

In conclusion, the BM2 SUPER PLUS 20018 High Pressure Washer is the ideal solution for those seeking superior performance, reliability, and safety in one machine.

Thanks to its advanced technology and innovative features, it's ready to deliver impeccable results in every cleaning situation.
