Product description:

BM2 MIDIA 1509 TS HIGH PRESSURE CLEANER 150 BAR

The BM2 MIDIA 1509 TS High Pressure Washer 150 bar is an excellent solution in the field of pressure washers, combining technological innovation and reliable performance to meet the most demanding needs. Equipped with a high-quality axial brass head pump, the 1509 model and the CAGE 1509 ensure durability and corrosion resistance in any work environment.

With advanced features such as immediate shutdown for the BM2 MIDIA 1509 TS, this pressure washer offers optimal flexibility and control during use. The high-performance motor, with a rotation of 2800 rpm for the BM2 MIDIA 1509 TS, ensures consistent and reliable performance.

The ability to dispense detergent at low pressure, controllable directly from the washing head, ensures effective and gentle cleaning on a wide range of surfaces.

The BM2 MIDIA 1509 TS High Pressure Washer 150 bar is designed with practicality and safety in mind, featuring characteristics such as thermal motor protection, anti-shock ABS cover for the BM2 MIDIA 1509 TS, and anti-trace wheels for easy maneuverability on any terrain. The inspectable water filter and standard lance holder facilitate maintenance and organization during use.

With impressive technical specifications, including a maximum pressure of 150 bar, a maximum flow rate of 540 Lt./h, and a maximum power consumption of 2.6 KW, the BM2 MIDIA 1509 TS High Pressure Washer 150 bar stands out for

its superior performance and reliability. Ideal for a wide range of industrial and commercial applications, this pressure washer represents a smart choice for those seeking quality, efficiency, and durability over time.

Technical Specifications BM2 MIDIA 1509 TS:

Phase type: Single-phase
Frequency: 50 Hz
Voltage: 230 V
Maximum pressure: 150 bar - 15 Mpa - 2180 psi
Maximum flow rate: 540 Lt./h
Pump: Axial
Stop system: TS
Pump speed: 2800 rpm
Maximum absorbed power: 2.6 KW
Supply voltage: 230 V - 1ph - 50Hz
Cleaning agent tank: 5 lt
Maximum inlet temp: 40 °C
Pallet quantities: 24 pcs
Length: 810 mm.
Width: 380 mm.
Height: 870 mm.
Weight: 52 Kg.

Product features:

Phase: Single phase
Frequency (Hz): 50
Voltage (V): 230
Pump type: AXIAL
Maximum output capacity (Lt/min): 540
Transportability: Wheels and handles
Length (mm): 810

Width (mm): 380
Height (mm): 870
Feed Type: 230V - 1ph - 50Hz
maximum water temperature (°C): 40
Weight (Kg): 52
Maximum input power (KW): 2.6
Pump rotation (rpm): 2800
Maximum pressure (bar-MPa-psi): 150 - 15 - 2180
Stop system: TS
Detergent tank: 5
