## **Product description:**

SCANGRIP NOVA 4 CONNECT lamp 4000 Lumen

SCANGRIP Robust 4000 Lumen Projector

4000 LUMEN HIGH-EFFICIENCY LED COB WORKLIGHT FOR 18V/20V BATTERY PACKS

The powerful and robust NOVA 4 CONNECT is equipped with the latest COB LED technology and delivers up to 4000 lumens,

making it an all-round universal worklight for the demanding professional user.

The NOVA 4 CONNECT is an extremely robust battery-powered work light compatible with the METABO - CAS 18 V battery system and all other 18 V/20 V batteries from leading power tool brands such as Milwaukee tools, Dewalt tools

Makita tools etc. using SCANGRIP CONNECTOR.

In addition, SCANGRIP POWER SUPPLY can be used for direct power supply providing unlimited availability to light.

NOVA 4 CONNECT also has an internal backup battery providing an extra 2.5 hours at 400 lumens

Robust LED projector with high flexibility

With the intuitive BLUETOOTH light control app, you have the unique ability to switch on/off and control up to four task lights via a mobile device. The integrated dimmer function allows you to adjust the light output to five different levels. This function saves time from manual operation and increases work efficiency on a daily basis. It is designed with a display for battery capacity and

lumen output level and comes with an integrated power bank. NOVA 4 CONNECT is extremely robust and waterproof (IP65). The design is sleek, with a carry handle and stand for flexible positioning and direct mounting on the SCANGRIP TRIPLE.

Why you should choose NOVA 4 CONNECT

Compatible with the METABO - CAS battery system and all other 18 V - 20 V battery packs using SCANGRIP CONNECTOR

Extremely durable with high IP (IP65)

Powerful illumination up to 4000 lumen

5-step light dimmer function

Built-in power bank

### **Technical Specifications SCANGRIP Robust 4000 Lumen Projector**

Product types: Projector

Net weight (kg): 2.35

Length (mm): 263.00

Width (mm): 230.00

Height (mm): 119.00

Sales display included:NO

Luminous flux, maximum (lumens):4000

LED performance (lm/w):160

Adjustable light output: 5 levels

Light source: High-efficiency COB LED

Main beam angle: 110°

Charger included: NO

Power consumption (W): 30.00

Compatibility (CAS): CAS 18V batteries, SCANGRIP ballast

Ingress protection: IP65

Shock protection: IK07

Operating temperature (°C): -10°C to +40°C

Battery backup time (h): 2.5 hours at 10% (400 lm)
