Product description:

DOMETIC kampa Cross Air TC

DOMETIC Kampa Cross AIR TC: Inflatable polycotton awning for motorhomes - 3 m wide
Experience maximum comfort and coolness on your camping trip with the DOMETIC Kampa Cross AIR TC inflatable awning!

Thanks to the innovative Kampa Air Frame technology with multiple inflation points, this awning offers a large living area with high, vertical walls, ideal for relaxing, cooking or eating outdoors. Cross AIR is equipped with a clip-on ground sheet.

The polycotton material ensures better breathability and a cooler environment during hot days.

Key features:

Quick assembly and disassembly: The air inflation system allows you to assemble and disassemble the awning in just a few minutes, even by yourself, without the need for special tools.

Large living space: The high, vertical walls provide a large living area, perfect for enjoying outdoor leisure time.

Guaranteed freshness: The polycotton material promotes air circulation and keeps the inside of the awning cool and comfortable.

Clever design: The front panel with 'D'-shaped door can be opened half or fully for greater access flexibility.

Weather protection: The large canopy provides safe shelter from sun, rain and wind.

Ground sheet with clip: Ensures a dry and clean environment inside the awning.

Windows with privacy curtains: Provide brightness and privacy when needed.

Mesh panels: Promote ventilation and reduce condensation.

Technical specifications:

Product depth dimensions: 3000 mm
Dimensions product height: 2400 mm
Dimensions product width: 3000 mm
Min. connection height: 180 cm
Max. connection height: 210 cm
Net weight: 21.30 kg
Colour: Grey
