Product description:

FENZI G4 Digital Tank 6000LT

The FENZI G4 Digital Tank 6000LT is an advanced tank designed for the safe storage and distribution of diesel, approved by the Ministry of the Interior according to the Ministerial Decree of 22/11/2017. With a capacity of 6000 liters, it offers a versatile solution ideal for vehicle fleets and private uses.

Key features of the FENZI G4 Digital Tank 6000LT:

Capacity and construction:

This 6000-liter digital tank is ideal for those seeking a compact and efficient solution, with standard green coating for weather resistance and a pleasing appearance.

Included components:

The FENZI G4 Digital Tank 6000LT is equipped with accessories that ensure safe and efficient operation:

- 110% containment basin to prevent fuel leakage.
- Dispenser available in cube or column versions.
- 4-meter rubber hose with automatic nozzle.
- Control software.
- Cartridge filter.
- Various fittings and complete documentation for easy installation.

Technology and safety:

The FENZI G4 Digital Tank 6000LT incorporates advanced technical features to ensure safe and reliable operation:

3" quick-release bronze fill cap.

90% load limiting valve.

1"1/2 bronze vent mushroom with flame arrestor.

External level indicator visible with float.

420 mm manhole with bolts and gasket.

Lifting lugs for vacuum lifting, bottom discharge sleeve with safety cap.

Grounding socket and equipotentiality.

1" external suction connection with non-return valve.

1" ball valve.

1" galvanized steel tube.

Dispensers available for the FENZI G4 Digital Tank 6000LT:

Cube: Equipped with user management and integrable with computer control software, with flow rates of 50 or 70 liters/min at 220 Volts.

Columns: Available in mechanical and digital versions, ideal for fuel supply to small utilities or private fleets, with flow rates of 50, 70, and 90 liters/min and power supply at 220/380 Volts.

Additional accessories for FENZI G4:

Sunshade for solar protection, side cover for the dispenser, interchangeable cartridge filter kit, and extension kit for all pump groups.

Dimensions of the FENZI G4 6000LT:

Capacity: 6000 liters

Width: 1200 mm

Length: 2000 mm

Height: 2100 mm

In conclusion, the FENZI G4 Digital Tank 6000LT represents an advanced solution for the safe storage and distribution of diesel. Thanks to its advanced technology and the variety of included accessories, it ensures high standards of efficiency and safety, making it ideal for a wide range of applications.
