Product description:

OSMOSEA PURIFICATOR 300 LED Depurator

Osmosea PURIFICATOR 300 LED is a very simple water treatment system that guarantees disinfected water, free of sediment, chlorine and bad odors.

Thanks to Osmosea PURIFICATOR 300 LED you will always have high quality water and will finally be free from plastic bottles that take up space on board and pollute our seas. In the Osmosea PURIFICATOR 300 LED, the disinfectant lamp with LED technology turns on automatically when the tap is opened, does not require preheating, has a longer lifespan, and consumes only 8.5 watts, while tapping.

Don't settle for mediocre water, choose quality and well-being with OSMOSEA PURIFICATOR!

Action of the Osmosea Purificator 300 LED Depurator

- Sediment filter to remove impurities down to 5 microns
- Activated Carbon Filter to eliminate Chlorine, bad odors and bad taste
- Alkaline pH Remineralizing Filter
- UVC LED disinfectant lamp to eliminate all bacteria and viruses

Osmosea PURIFICATOR 300 LED Depurator, thanks to the included kit, is to be connected to the kitchen faucet with great ease.
