## **Product description:**

FENZI G12 TANK OUTDOOR DISPENSER 5000LT

The FENZI G12 TANK Outdoor Dispenser with a 5.000 liter capacity is specifically designed for the safe storage and distribution of AdBlue. Made from high-density polyethylene, it ensures great reliability and durability, with exceptional mechanical and chemical resistance, along with UV protection.

## **Features of the FENZI G12 TANK Outdoor Dispenser:**

The FENZI G12 TANK is constructed in a single piece, ensuring a robust, seamless structure, optimal for preventing leaks and guaranteeing maximum safety. It is available in blue, with a capacity of 5.000 liters, making it ideal for various storage needs.

Material: Linear high-density polyethylene

Capacity: 5.000 liters

Color: Blue

Resistance: High mechanical, chemical, and UV resistance

Width: 2470 mm

Length: 1700 mm

Height: 1780 mm

## **Components of the FENZI G12 TANK Outdoor Dispenser:**

Manhole with screw-on cap: Facilitates maintenance and filling access.

- 1" Vent valve: Ensures adequate ventilation during filling and dispensing.
- 2" Loading connection: Allows for quick and safe tank filling.
- 1" Suction pipe: Designed for efficient liquid extraction.

## Dispensing Cabinet

The FENZI G12 TANK is equipped with a dispensing cabinet for AdBlue, consisting of the following elements:

Metal cabinet with key lock: Ensures protection of the dispensing system.

Self-priming electric diaphragm pump, 230 V – 50 Hz, 40 L/min flow rate: Guarantees a consistent and reliable flow of AdBlue.

Digital turbine flow meter: Allows precise monitoring of the dispensed liquid quantity.

EPDM distribution hose, 3/4" section, 4 m length: Offers flexibility and chemical resistance.

Automatic dispensing nozzle: Facilitates refueling with automatic flow cut-off to prevent waste and spills.

The FENZI G12 TANK Outdoor Dispenser offers numerous advantages due to its advanced features.

Its solid and durable construction ensures a long lifespan even in challenging environmental conditions, making it ideal for those seeking a reliable and safe solution for managing AdBlue.

With a capacity of 5.000 liters and an efficient dispensing system, the FENZI G12 TANK is perfect for a wide range of applications, including industrial sites, fuel depots, and transport companies needing AdBlue for their diesel vehicles.

The FENZI G12 TANK Outdoor Dispenser represents a complete and high-quality solution for the storage and dispensing of AdBlue. Thanks to its robust construction and advanced dispensing system, it is indispensable for managing AdBlue safely and efficiently. Opting for the FENZI G12 TANK means choosing a product designed to ensure excellent and long-lasting performance in any operational context.
