OSMOSEA MEGA 240B NAUTICAL-TERRESTRIAL WATERMAKER 1500LT-H

OSMOSEA MEGA 240B NAUTICAL-TERRESTRIAL WATERMAKER 1500LT-H: The Excellence in Water Autonomy

Are you looking for a reliable and powerful solution for producing pure fresh water on board your boat or in any other location? The OSMOSEA MEGA 240B is the marine-terrestrial desalinator for you.

Osmosea A fresh water giant: 1500 litres per hour

With a capacity of up to 1500 litres of pure fresh water per hour, the OSMOSEA MEGA 240B ensures a continuous, uninterrupted flow, meeting even the highest demands of large vessels, industrial plants and isolated communities.

State-of-the-art technology for unbeatable performance

APS (Automatic High Pressure Regulation): Optimises performance and ensures efficient operation in all conditions.

Remote touchscreen panel: Easily control and monitor all functions of your system.

AFS (automatic flushing): Keeps membranes always clean and guarantees a long service life.

Top quality materials: AISI 316 stainless steel, pre-filter, post-filter and carbon filter ensure pure and crystal clear water.

Osmosea A concentrate of power and versatility

Daily output: Up to 24,000 litres of fresh water per day, to meet your every need.

Full functionality: Timer, litre counter, salinity reading, automatic flushing and much more.

Ease of use: Simple and intuitive installation, thanks to the complete kit included.

OSMOSEA MEGA 240B NAUTICAL-TERRESTRIAL WATERMAKER 1500LT-H: The ideal choice for those looking for absolute water autonomy and a superior product.
