Product description:

OSMOSEA MEGA 340B NAUTICAL-TERRESTRIAL WATERMAKER 2250LT-H

OSMOSEA MEGA 340B NAUTICAL-TERRESTRIAL DIVERTER 2250LT-H: The Power of Fresh Water in Every Wave

OSMOSEA MEGA 340B. A name that evokes power, cutting-edge technology and an uninterrupted flow of pure fresh water. Are you looking for a marine-terrestrial desalinator that meets the most demanding requirements? OSMOSEA MEGA 340B is the answer you are looking for.

A giant of the sea, a beating heart of fresh water

With a production capacity of an impressive 2,250 litres per hour, the OSMOSEA MEGA 340B is the most powerful desalinator in its class. Imagine up to 54,000 litres of pure fresh water per day! An inexhaustible resource for mega yachts, cruise ships, luxury resorts and any other application requiring large quantities of fresh water.

Osmosea Cutting-edge technology for a sustainable future

APS (Automatic High Pressure Regulation): Maximises efficiency and ensures optimum performance in all conditions.

Remote touchscreen panel: Control every aspect of your system with a simple touch.

AFS (automatic flushing): Keeps membranes clean at all times, prolonging membrane life.

Premium materials: AISI 316 stainless steel, precision filters and high-quality components for long life and consistently pure water.

An unprecedented user experience

An unprecedented user experience

Full functionality: Timer, litre counter, salinity reading and many other functions for total control.

Ease of use: Simple and intuitive installation, thanks to the complete kit included.

Reliability: Designed to operate in extreme conditions, even in the saltiest waters.

OSMOSEA MEGA 340B WATER MAKER 2250LT-H: More than just a watermaker, it is a complete solution for water autonomy.

Technical characteristics of the OSMOSEA MEGA 340B SHIPY-TERRESTRIAL DISALTER 2250LT-H:

Daily production: 54000 lt/day

Capacity:2250 lit/h

GAL/day:14266.8

Power supply: 400 VAC

Consumption: 23.2 kW

Weight: 320 Kg
