

Osmosea Water Softener ElephantineX2 Water Softener 500LT

Product description:

Osmosea Water Softener ElephantineX2 Water Softener 500LT

Elefantino X2: The compact and reliable marine water softener

Are you looking for a practical and efficient solution to have fresh water aboard your yacht?

Elefantino X2 is the marine water softener for you! Thanks to its duplex system,

it guarantees you a continuous supply of softened water, eliminating the annoying problem of limescale.

Why choose Elefantino X2 500 LT?

Compact and powerful: Despite its small size, it can treat up to 500 liters of water per hour, ensuring a constant supply.

Continuous operation: Thanks to the duplex system, one column is always ready for use while the other is in regeneration.

Always soft water: Eliminates limescale, protecting water systems and ensuring water that is more pleasant to drink.

Low power consumption: Operates on 230VAC voltage and draws only 9.5W.

Easy to install: Designed for quick and easy installation on board.

Benefits of fresh water on board:

Equipment protection: Reduces fouling, prolonging the life of on-board appliances.

Comfort on board: Enjoy more pleasant showers and softer fabrics.

Better tasting water: Softened water tastes purer and lighter.
