### Product description:

DOMETIC NRX80C Compressor refrigerator 75 L

The Dometic NRX80C is much more than just a refrigerator. It is a smart and versatile travel companion, designed to meet all your refrigeration needs during your adventures. With a sleek design and state-of-the-art technology, this refrigerator offers you the ultimate in freshness and convenience.

### Key Features

**Unmatched flexibility:** Thanks to the removable freezer compartment, you can customise the interior space to suit your needs, switching from a fridge to a freezer in a snap.

**Energy efficiency:** Compressor technology, combined with high-quality insulation materials, ensures low energy consumption and optimal performance even in extreme climatic conditions.

**Elegant design:** The dark silver front and the full-width handle give the refrigerator a modern, refined look that blends perfectly into any environment.

**Ease of use:** The intuitive control panel and interior LED light make operating the refrigerator simple and pleasant.

**Robustness and durability:** Made from high-quality materials, the Dometic NRX80C is designed to last and withstand the rigours of travel.

### Unique Advantages

**Versatile operating modes:** Choose between Eco, Boost and Silent modes to optimise energy consumption and performance according to your needs.

Superior insulation: The vacuum panels provide exceptional thermal insulation, keeping your food fresh for longer.

Premium compressor: The lightweight and compact compressor ensures quiet and efficient operation.

Intelligent design: The intelligent closure creates a gap between the refrigerator and the door, optimising air circulation and ensuring a constant internal temperature.

### Technical features :

3-in-1 solution: refrigerator, freezer or both

Length: 537 mm

Height: 625 mm

Width: 475 mm

Net weight: 20 Kg

Total volume: 75 L

Frizzer Total volume: 6.6 L

Voltage: 12/24 V

Input Power: 55 A

Refrigerant Type: R134a

Climate class: T

Refrigerant Quantity: 32 g

Energy consumption (DC at 5/25 °C), [kWh/24h] 0.33

### Product features:

Voltage (V): 12 / 24

Length (mm): 537

Width (mm): 475

Height (mm): 625

Capacity of the refrigerator (L): 75

Freezer (L): 6.6

Refrigerant quantity (g): 32

Climate class: T

Coolant: R134a

Weight (Kg): 20

Nominal input power (A): 55
