

Green Power GP110-SV Generatore 100KVA Supersilenziato STAGE V

Product price:

29.795,00 € tax excluded

Product description:

Green Power GP110-SV Generator 100KVA Super-Silent STAGE V

The Green Power GP110-SV is a state-of-the-art electric generator designed for exceptional performance and extremely quiet operation. With a continuous output of 80 kW and an IVECO FTT F36ETVP03.A94 engine,

compliant with Stage V emissions regulations, this generator is the ideal solution for a wide range of applications,

both in the industrial and civil sectors.

Key features:

Flexibility: With the ability to deliver both single-phase and three-phase voltage, this generator adapts to a variety of needs.

Power: With a continuous output of 80 kW, it can power a wide variety of equipment and machinery.

Quiet: The generator's design and careful soundproofing ensure an extremely low noise level, making it ideal for noise-sensitive environments.

noise-sensitive environments.

Efficiency: The IVECO engine ensures excellent efficiency and low consumption.

Compact and manoeuvrable: The compact dimensions facilitate transport and installation.

Environmentally friendly: Thanks to its compliance with Stage V regulations, this generator meets

the strictest standards on pollutant emissions.

main features:

Type of phase: Single-phase / Three-phase

Continuous use power: 100 KVA / 80 KW

Maximum power: 100 KVA / 80 KW

Engine: IVECO FTT F36ETVP03.A94

Engine speed: 1500 rpm

Emissions standard: Stage V

Starter: Electric

Voltage available at terminals: 230 / 400 V

Frequency: 50 Hz

Tank capacity: 170 l

Consumption at 75% load: 23.6 Lt/h

Acoustic pressure: 66 dB(A) @ 7 m

Length: 3000 mm

Width: 1100 mm

Height: 1820 mm

Dry weight: 2000 Kg

N poles: 4

Insulation class: H

Degree of protection: IP23

Alternator: Mecc Alte

Displacement: 3600 cc

cylinders: 4

Are you looking for a generator with different technical characteristics? [HERE](#) you can find the area dedicated to specialized brand generators.

Non-binding images and technical data.

Product features:

Phase: Single phase / Three phase

Maximum power three phase (KW): 80

Continuous power three phase (KW): 80

Maximum power three phase (KVA): 100

Continuous power three phase (KVA): 100

Frequency (Hz): 50

Voltage (V): 230 / 400

Engine: IVECO FTT F36ETVP03.A94

Emissions Regulations: Stage 5

Engine rpm (rpm): 1500
Speed governor: Electronic
Starting system: Electric
Engine capacity (cm³): 3600
Number cylinders: 4
Alternator: Mecc Alte
Poles: 4
Fuel tank capacity (L): 170
Consumption (L/h): 23.6 at 75% load
Acoustic pressure: 66 dB(A) at 7 m
Length (mm): 3000
Width (mm): 1100
Height (mm): 1820
Dry weight (Kg): 2000
Silenced: Yes
Super silenced: Yes
Product type: Generator
Engine manufacturer: FPT Iveco
