

VITRIFRIGO Fancoil control board + control panel

Product price:

380,00 € tax excluded

Product description:

VITRIFRIGO fancoil control board + control panel

The operation of the fancoils (or their groups) is managed by an electronic board (Carel e-drofan) via an easy-to-use control panel (Carel e-droset), which can be integrated into the BTicino (Living International, Light Tech, Matix) and Vimar (Idea, Idea Rondò, Plana) switch lines by means of plates supplied. The control panel can be adjusted:

- The operating mode (cooling, heating, dehumidification, ventilation).
- The desired temperature.
- The fancoil fan speed.
