Product description:

PRATIK2 TRAILER TRANSPORTING GOODS-COMMODITIES-MULTIFUNCTIONAL

Pratik2 Freight-Things-Multipurpose Trailer: the versatile solution for your transports
The Pratik2 trailer is a single-axle tilt trailer designed to meet a wide range of transport needs. Its versatility makes it ideal for transporting various goods, equipment and materials.

Key features:

Versatile design: Thanks to its non-slip microfilmed phenolic wood floor and standard rear loading ramp, the Pratik2 is suitable for transporting loads of different sizes and weights.

Ease of use: The V-shaped drawbar and the tilting single axle make loading and unloading manoeuvres simple and safe.

Safety: The disc brake ensures excellent braking, while the headlamp with integrated reversing light increases visibility during reversing manoeuvres.

Customisable dimensions: Different versions of the Pratik2 are available, with total weights ranging from 550 to 1300 kg, to suit every need.

Robustness: The solid construction and high-quality materials ensure a long service life.
