

# MOSA GE 35 YSX SINGLE-PHASE GENSET 28KW

Product price:

**12.532,00 € tax excluded**

## Product description:

MOSA GENSET GE 35 YSX 28KW Stage IIIA diesel

The MOSA GE 35 YSX is a diesel generator set designed to provide emergency or continuous power in various applications. Thanks to its powerful 4-cylinder, 3.3-litre Yanmar 4TNV98 engine, this generator is capable of delivering a maximum output of 31 kVA (28 kVA).

## Key features:

**Reliability:** The Yanmar engine and high-quality components ensure reliable and long-lasting operation.

**Autonomy:** With a 100-litre fuel tank and low fuel consumption, the generator offers an autonomy of more than 16 hours at partial load.

**Compact and manoeuvrable:** Its small size and relatively low weight make it easy to transport and install.

**Safety:** The IP44 degree of protection ensures good weather resistance.

**Mechanical regulator:** Ensures a stable output voltage.

**Synchronous alternator:** Provides excellent power quality.

**Emissions standard:** Stage 3A

## Features:

Stage 3A compliant motor

Electronic AVR voltage regulation with three-phase detection

Rounded edges to allow rainwater run-off

Sealed crankcase to contain any leakage of liquids

in the motor avoiding environmental pollution

External ports for oil and water drainage

Large access doors for easy maintenance

(replacement of air, oil, fuel filters)

Central lifting hook  
Side pockets for handling with forklifts  
Control panels with digital control units: Manual / Manual with sockets / Automatic  
SINGLE-PHASE version only with automatic panel without sockets  
Conforms to CE directives for noise and safety

If you are looking for another product like the generator set MOSA GE35 YSX then you can see on our catalog other terrestrial generators.

**Product features:**

Phase: Single phase  
Maximum power single phase (KW): 31  
Continuous power single phase (KW): 28  
Maximum power single phase (KVA): 31  
Continuous power single phase (KVA): 28  
Fuel: Diesel  
Frequency (Hz): 50  
Voltage (V): 230  
Engine: Yanmar 4TNV98, 4 stroke naturally aspirated  
Emissions Regulations: Stage 3A  
Engine rpm (rpm): 1500  
Starting system: Electric  
Engine capacity (cm<sup>3</sup>): 3300  
Number cylinders: 4  
Inyección : Direct  
Alternator: Single-phase synchronous self-excited, self-regulated, brushless  
Product type: Generator  
ATS Switch device : Optional  
Voltage regulator: AVR  
Engine manufacturer: Yanmar
