

Fischer Panda 19i 230V Marine Generator Single- phase 18 kVA 50Hz

Product price:

22.673,00 € tax excluded

Product description:

Fischer Panda 19i 230V Single-phase Marine Generator 18 kVA

Fischer Panda 19i 230V Single-phase Marine Generator 18 kVA: Power and reliability for your adventures at sea

The Fischer Panda 19i 230V is a single-phase marine generator designed to provide reliable and quiet power aboard vessels. With a power rating of 18 kVA and a voltage of 230V, this generator can power a wide range of electrical devices, from lighting systems to powerful household appliances.

Key features Fischer Panda 19i:

Kubota KU D902 engine: The heart of the generator is Kubota's robust 3-cylinder engine, known for its reliability and durability.

High performance: With a continuous output of 13.1 kW and a cos ϕ current of 0.80, this generator ensures optimal performance even under varying load conditions.

Quietness: Thanks to its careful design and sound-absorbing materials, the Fischer Panda 19i generator is particularly quiet, with low sound levels at 7 meters (54 dB(A)).

Compact and lightweight: With small dimensions (650 x 465 x 582 mm) and a weight of only 162 kg (without inverter), this generator is easy to install and operate on board.

Electronic voltage regulation: The iControl system ensures stable and precise voltage, protecting your electrical devices from voltage surges.

Insulation Class H: The generator's windings are made of high-quality materials to ensure long life and high resistance to temperatures.

12V start system: The electric start makes it much easier to start the generator.

Fischer Panda 19i 230V Specifications:

Insulation class of windings: H

Voltage regulation: iControl
Voltage tolerance: $\pm 3\%$
Cos Pi 0.80
Rated voltage in volts: 230
Frequency: 50Hz
Number of phases: 1
Rated power: 14.5 kW
Rated performance: 18.1 kVA
Continuous performance: 13.1 kW
Continuous performance: 16.3 kVA
Engine: Kubota Engine
Engine Type: Model KU D902
No. Cylinders: 3
Displacement: 898 cm³
Starting system: 12V
Housing dimensions W x D x H mm
Dimensions: 650 x 465 x 582
Total weight of generator with capsule (kg): 162 + Inverter 21
Livelli sonori (dbA) 7m / 5m /1m: 54 / 64 / 68

Product features:

Continuous power single phase (KW): 13.1
Continuous power single phase (KVA): 16.3
Frequency (Hz): 50
Voltage (V): 12
Engine: Kubota KU D902
Engine capacity (cm³): 898
Number cylinders: 3
Single-phase power (KW): 14.5
Single-phase power (KVA): 18.1
Motor insulation class: H
Product dimensions (mm): 650 x 465 x 582
Weight (Kg): 183
Noise level at 7 m: 7m / 5m /1m 54 / 64 / 68
