Product description:

RIBIMEX SURJET PRO 5 TURBINE 100LT PUMP

RIBIMEX SURJET PRO PRO 5 Turbine 100Lt Pump is a high-efficiency professional pump, ideal for intensive use in agricultural and industrial environments. Equipped with 5 self-priming multistage turbines, this RIBIMEX SURJET PRO Pump ensures superior power and even water distribution, perfect for irrigating large areas or transporting water in demanding conditions.

The 100-liter tank, made of painted sheet metal, guarantees long-lasting durability and corrosion resistance, while the 5 AISI 304 stainless steel turbines help maintain a constant flow and stable pressure. The SURJET PRO Pump from RIBIMEX is equipped with a 2300 W motor, providing the necessary power to handle any task with ease.

This pump RIBIMEX is designed to deliver a minimum pressure of 1.4 bar and a maximum pressure of 3.5 bar, making it versatile for multiple uses. The stainless steel body and 1" ¼ inlet and outlet threads ensure easy and secure installation. Additionally, the 1.3 m electric cable offers greater convenience in extended work areas.

The RIBIMEX SURJET PRO 5 Turbine is a quiet pump, ideal for those seeking efficiency and peace of mind during operation. Thanks to its robust design and 100-liter tank, this SURJET PRO from RIBIMEX provides excellent autonomy, reducing the need for frequent refills.

By choosing the RIBIMEX SURJET PRO 5 Turbine 100Lt Pump, you can rely on a state-of-the-art product that combines excellent performance and ease of use. With its 5 turbines, it is the perfect solution for those who need power, reliability, and superior results, even in the most complex conditions.

Technical Features of RIBIMEX SURJET PRO 5 Turbine 100Lt:

Tank capacity: 100 liters, painted sheet metal
5 self-priming multistage turbines in AISI 304 stainless steel
Motor power: 2300 W
Electric cable: 1.3 m
Minimum pressure: 1.4 bar, maximum pressure: 3.5 bar
Inlet and outlet threads: 1" ¼
Quiet, robust, and durable structure
Weight: 35 kg.
Height: 770 mm
Length: 780 mm
Width: 500 mm
