

BURGLAR-PROOF SKIP 840 L

Product price:

970,00 € tax excluded

Product description:

BURGLAR-PROOF SKIP 840 L

The burglarproof skip is ideal for all those who need to keep their tools at hand at all times and keep them safe at the same time.

The burglar-proof skip has an upper door and two side doors with double locks for maximum security and accessibility. It is compact but extremely capacious, thanks to its 840 l internal volume.

The body structure is made of 2 mm thick sheet metal, which is then oven-dyed with polyurethane powder coating.

The double lock security system does not allow the box to be opened in any way except by cutting the entire box in two.

The burglar-proof body cannot be broken into in any way due to the lack of external padlocks and the impossibility of the crowbar passing through the cracks in the crate.

The structure of the work body is equipped with lifting pockets and a raised platform that allows it to be easily forklifted by a transpallet or forklift truck as well as lifted by crane, allowing you to easily transport all your equipment.

TECHNICAL CHARACTERISTICS Break-in resistant body

Volume: 840 l

Locking system: Concealed anti-burglary

Doors: 1 on top and 2 on the sides

Width: 1810 mm

Length: 810 mm

Height: 643 mm
