

TELECO TELAIR Motosat Kit - Knob with Electric Motor for VOYAGER

Product price:

219,00 € tax excluded

Product description:

TELECO TELAIR Motosat Kit - Knob with Electric Motor for VOYAGER

This kit allows you to transform an existing manual Voyager system into a semi-automatic system.

The inclination of the dish can now be adjusted using two buttons, and the display shows the correct inclination to quickly locate the desired satellite.

Images and technical data are not binding.

Product features:

Product type: Knob with electric motor
