Product description:

CGM N75TRL PTO CARDAN GENERATOR 75KVA AVR

The CGM N75TRL PTO Cardan Generator 75Kva AVR is a power generator from the PTO series, designed to deliver excellent performance in agricultural, livestock, and emergency situations. This generator, CGM N75TRL, features a sturdy and durable structure with a three-point mounting system for a secure connection to the tractor.

Thanks to power transmission through a PTO shaft connected to the multiplier, the N75TRL PTO Cardan Generator ensures stable and efficient operation. With a continuous power output of 75 KVA and a maximum power of 82.5 KVA, it is ideal for powering various equipment in demanding contexts.

Technical Features of CGM N75TRL PTO:

Continuous Three-Phase Power: 75 KVA

Maximum Three-Phase Power: 82.5 KVA

Voltage Regulation: AVR system for precise control

Alternator Speed: 1500 rpm

Output Voltage: 400 V, 50 Hz

Protection Grade: IP 23

Socket Panel:

1 Schuko Socket

1 CEE Socket 32A 3P 230V

1 CEE Socket 125A 5P 400V

Dimensions: 1100 x 985 x 1322 mm

Dry Weight: 441 kg

Advantages of the CGM N75TRL PTO Cardan Generator:

Robust and durable structure, ideal for intensive use.

Suitable for agricultural businesses, farms, and emergency situations.

AVR system for precise and stable voltage regulation.

Three-point mounting for quick and secure installation.

Versatile use with tractors of different power levels.

The CGM N75TRL PTO Cardan Generator 75Kva AVR is the perfect choice for those looking for a reliable and high-performance generator with 75 KVA of continuous power. Thanks to its advanced technical features and AVR electronic voltage regulation, it ensures safe and optimal operation in any condition.

Discover the CGM N75TRL PTO Cardan Generator, your ideal partner for daily activities and emergencies. With its innovative system and high-level technical specifications, this generator represents excellence in the PTO power generator sector.

Product features:

Phase: Single phase / Three phase

Maximum power three phase (KW): 66

Continuous power three phase (KW): 60

Maximum power three phase (KVA): 82.5
Continuous power three phase (KVA): 75
Frequency (Hz): 50
Voltage (V): 400
Engine rpm (rpm): 1500
Oil capacity (L): 3
Alternator: NSM
Protection degree: IP23
Minimum tractor output (HP): 130
Length (mm): 1110
Width (mm): 985
Height (mm): 1322
Dry weight (Kg): 441
Voltage regulator: AVR
Tractor rpm: 395
