Product description:

Vitrifrigo NCW46 46 Litre Wine Cellar

The Vitrifrigo NCW46 is a compact, high-performance wine cellar designed to optimally store up to 12 standard bottles. With its small dimensions (470x440x530 mm) and a weight of only 18.5 kg, it fits easily into different environments, whether on board a boat or in a motorhome or caravan.

Main features:

Capacity: 46 litres, ideal for storing up to 12 standard bottles.

Compact dimensions: Perfect for tight spaces.

Versatile power supply: Operates on both 12/24V direct current (ideal for campers and boats) and domestic mains power.

Low energy consumption: Thanks to its low consumption of only 0.292 kWh/24h, it is particularly efficient.

Technical specifications:

Length (mm) 470

Width (mm) 440

Height (mm) 530

Dry weight (kg) 18.5

Input power (W) 12/24Vdc

Capacity of the refrigerator (L) 46

Reversible door no

Consumption 0.292 kWh/24h
