Product description:

FRIGOBOAT MS160IN MOBILE FRIDGE 146LT

The Frigoboat MS160IN Mobile Fridge 146lt is the ideal choice for those looking for high performance, energy efficiency, and refined design for their boat. Specifically designed for marine refrigeration, it ensures optimal operation even in the most demanding conditions.

Technical Features of Frigoboat MS160IN Mobile Fridge 146LT:

Total capacity: 146 Lt

Net weight: 43 Kg

Power supply: 12V / 24V / 230V

Dimensions (WxHxD): 550 x 840 x 530 mm

Adjustable shelves: 3

Bottle holder: 1

Can holder: 2

Integrated evaporator with cell option for better food preservation

Ergonomic handle with magnetic seal for perfect closure

Rounded interior corners for easy cleaning and improved hygiene

Integrated condensation drain to prevent water accumulation

Door with 180° opening for easy access

Entirely made of AISI 304 stainless steel, available in both polished and satin finishes, the Frigoboat MS160IN stands out for its robustness and durability, perfectly resisting the marine environment. The interior, also in stainless steel, features adjustable shelves, a bottle holder, and two can holders, ensuring maximum space organization.

Thanks to high-density polyurethane foam insulation, the Frigoboat MS160IN Mobile Fridge 146lt ensures superior thermal efficiency, reducing energy consumption and maintaining a stable internal temperature.

The refrigerator is compatible with Frigomatic cooling units, available with both air and water cooling, providing maximum installation flexibility to suit any boat's needs.

Installing the Frigoboat MS160IN Mobile Fridge 146lt is extremely simple thanks to the innovative Frigoboat quick-connect system. Additionally, the interior can be customized with different configurations to adapt to specific space and storage needs.

If you are looking for a reliable, durable, and efficient marine refrigerator, the Frigoboat MS160IN Mobile Fridge 146lt is the perfect solution. With its stainless steel construction, advanced insulation, and compatibility with Frigomatic cooling systems, it ensures excellent performance and long-lasting durability. Ideal for those who want a high-quality product that combines innovative technology and refined design.

Product features:

Phase: Single phase

Frequency (Hz): 50

Input power (W): 12V / 24V / 230VDC

Length (mm): 530

Width (mm): 550

Height (mm): 840

Dry weight (Kg): 43

Product type: Refrigerator

Capacity of the refrigerator (L): 146

Insulation (mm): 50
