Product description:

FRIGOBOAT MS80 Freezer 88lt

The FRIGOBOAT MS80 Freezer 88lt is a marine refrigeration solution designed to offer excellent insulation and high energy efficiency, perfectly meeting the needs of boat owners. Made entirely of stainless steel, the FRIGOBOAT MS80 represents the perfect balance between innovative design and quality, characteristics that have made the Frigoboat brand a reference point in the marine refrigeration industry.

The FRIGOBOAT MS80 88lt freezers have a total capacity of 88 liters and are designed to be easily installed on board thanks to the innovative Frigoboat quick-connect system. With a universal power supply of 12V / 24V / 230V, the FRIGOBOAT MS80 Freezer 88lt is extremely versatile and adapts to any type of vessel, ensuring optimal performance under all navigation conditions.

Main features of the FRIGOBOAT MS80 Freezer 88lt:

Total capacity: 88 lt

Net weight: 41 kg

Power supply: 12V / 24V / 230V

Dimensions (LxWxH): 530 mm x 530 mm x 745 mm

Insulation: The powerful expanded polyurethane insulation minimizes energy consumption, ensuring exceptional thermal efficiency.

Sturdy structure: Made entirely of stainless steel, the FRIGOBOAT MS80 Freezer 88lt is durable and resistant, perfect for the most demanding navigation conditions.

Elegant and functional design: The stainless steel interior, with adjustable shelves and bottle holders in the fridge version, provides a comfortable and customizable user experience.

The FRIGOBOAT MS80 Freezer 88lt freezers perfectly match all Frigomatic refrigeration units, whether air or water-cooled, to maximize the refrigeration system's efficiency. Thanks to the handle closure system, rounded corners, internal lighting, and magnetic seal, every detail is designed to offer a high-quality and functional product.

With the FRIGOBOAT MS80 Freezer 88lt, Frigoboat continues to innovate in the marine refrigeration sector, offering perfect solutions for every type of on-board need. Don't miss the opportunity to choose the FRIGOBOAT MS80 Freezer 88lt for your boat, ensuring efficient and safe refrigeration on every trip.

Product features:

Phase: Single phase

Frequency (Hz): 50

Input power (W): 12V / 24V / 230VDC

Length (mm): 530

Width (mm): 530

Height (mm): 745

Dry weight (Kg): 41

Product type: Freezer

Capacity of the refrigerator (L): 88

Insulation (mm): 80
