

# VTE PAGURO 14000 Marine Generator 16 kVA 60 Hz Supersilenced

Product price:

**11.535,00 € tax excluded**

## Product description:

VTE PAGURO14000 60 Hz super-silenced marine genset 16 KVA

VTE PAGURO14000 60 Hz super-silenced 16 KVA is a 16 KVA single-phase marine generator set, with a Lombardini engine powered by diesel at 3000 rpm and water-cooled with stainless steel water/air heat exchanger.

All parts in contact with seawater are made of 316 L stainless steel.

Thanks to the water cooling and the double anti-vibration system, vibrations are reduced to a minimum, making the VTE PAGURO14000 60 Hz marine genset supersilenced and among the lowest noise emission marine gensets in its category.

The compact and space-saving VTE PAGURO14000 60 Hz marine genset is suitable for use on small boats, ready to give you all the power you need in complete peace of mind.

## Technical characteristics vte paguro14000:

Fuel: Diesel

Engine revs (rpm): 3600

Phase type: Single-phase

Single-phase continuous power (KVA): 16

Frequency (Hz): 60

Voltage (V): 115

Engine: Lombardini LDW 1003

Starter: Electric

Silenced: Supersilenced 54 dB(A)

Cooling: Fresh water with heat exchanger

Dry weight (kg): 210

Length (mm): 860

Width (mm): 580

Height (mm): 650

## Engine

The Lombardini engine of the diesel-powered VTE PAGURO14000 60 Hz supersilenced 16 KVA marine genset makes it efficient and reliable. Designed with stainless steel water/air heat exchanger.

### **Alternator**

The alternator is synchronous, brushless and with class H insulation. The capacitor regulation makes the VTE PAGURO14000 60 Hz super-silent 16 KVA generator set excellent for powering sensitive electronic devices that fear voltage and current surges.

In addition, this alternator is water-cooled via an AISI 316 L stainless steel heat exchanger. Included with the alternator is the battery charger for the dedicated 12 V / 8 A starter battery.

### **Soundproofing capsule and double anti-vibration system**

The reinforced fibreglass capsule with composite layering and the high-density soundproofing material coating make this marine genset one of the most silent compared to its competitors.

The pod allows installation even in cramped spaces, thanks to its composition: two upper parts and one lower part.

Finally, the double anti-vibration system, internal with 4 soft mounts and external with 4 semi-elastic mounts, makes the VTE PAGURO14000 stable even in less calm waters and silenced, so you can enjoy your navigation without further worries.

Are you looking for a product such as the VTE PAGURO14000 60 Hz supersilenced 16 KVA generator? You can find the complete range: [click HERE](#). This range of marine generators from VTE are the market benchmark for the optimal ratio between performance, silence and small size.

### **Product features:**

Phase: Single phase

Continuous power single phase (KW): 14

Continuous power single phase (KVA): 16

Fuel: Diesel

Frequency (Hz): 60

Voltage (V): 115

Engine: Lombardini LDW1003

Engine rpm (rpm): 3600

Starting system: Electric

Number cylinders: 3

---

Cooling: Fresh water with heat exchanger  
Alternator: Synchronous, brushless  
Consumption (L/h): 0.35  
Acoustic pressure: 54 dB(A)  
Length (mm): 860  
Width (mm): 580  
Height (mm): 650  
Dry weight (Kg): 210  
Silenced: Yes  
Super silenced: Yes  
Product type: Generator  
Engine manufacturer: Lombardini
