Product description:

TELAIR ENERGY 2510B GENERATOR WITH AUTOMATIC CONTROL PANEL

TELAIR ENERGY 2510B vehicular generator with automatic control panel 2,5 KW is single-phase **super-silenced** 230 V generator with Yamaha petrol engine.

The TELAIR ENERGY 2510B is equipped with a completely automatic electronic starting system with remote control panel with 5 meters of cable equipped with: total and partial hours counter, oil and gasoline level control light, high temperature signal with automatic engine stop.

The automatic control panel allows the control of the generator in automatic motion simplifying the operations on the panel.

The TELAIR ENERGY 2510B also has a built-in battery charger 12 V / 10 A. Removable bottom drawer for an easy maintenance of the TELAIR ENERGY 2510B.

The ASP panel allows the automatic switching on and off in case the TELAIR ENERGY 2510B is connected to a battery charger (230/12 Volt) with its battery.

To use an air conditioner or appliances such as coffee machines or toasters you need a reliable power source and this new gasoline-powered generator may be the perfect solution. Modern electronic variable speed speed management lowers the noise level as well as gasoline consumption.

Moreover, the unit is contained in a metal case that is soundproofed with highly insulating materials, so as to further reduce the noise level and make it possible to use it even when there are other vehicles in the vicinity. The sturdy metal structure is equipped with a removable drawer that allows easy access to the generator to carry out mechanical maintenance operations in a practical and safe manner.

The TELAIR ENERGY 2510B has a design capable of integrating perfectly on any type of motorhome both in its external shape and with every detail of the interior decoration. A

continuous technical innovation fruit of a long experience, renewed and projected into the future by the enthusiasm, imagination and skills of a team of young designers.

THE TECHNICAL CHARACTERISTICS TELAIR ENERGY 2510B

Phase Type: Single Phase
Maximum Power: 2.5 KW
Voltage: 230 V
Frequency: 50 Hz
Motor: YAMAHA MZ 175
Fuel: Gasoline
Start: Manual / Electric
Fuel Consumption: 1. 2 lt/h
Acoustic Pressure: 58 dBA @ 7m
Width: 295 mm
Length: 555 mm
Height: 385 mm
Weight: 60 KG

If you are looking for a vehicular generator similar to the TELAIR then we suggest you browse our extensive catalog of vehicular generators.

Images and technical data are not binding.

Product features:

Phase: Single phase
Maximum power single phase (KW): 2.5
Fuel: Gasoline
Frequency (Hz): 50
Voltage (V): 230
Engine: Yamaha MZ175
Starting system: Manual / Electric
Alternator: Sincrono
Poles: 2
Consumption (L/h): 1.2
Acoustic pressure: 58 dB(A) at 7 m
Length (mm): 555
Width (mm): 385
Height (mm): 295
Dry weight (Kg): 56
Silenced: Yes
Super silenced: Yes

Product type: Generator

Voltage regulator: No

Engine manufacturer: Yamaha
