## **Product description:**

HONDA SnowPlow HSS970AEW With Wheels 6,3kW

HONDA HSS970AEW with wheels is a snowplow useful for removing up to 50 tons of snow per hour and fight against 51 cm of snow, capable of delivering a power of 6.3KW. HONDA HSS970AEW with wheels can shovel an area the size of two tennis courts with 30 cm of snow in less than ten minutes.

HONDA HSS970AEW with wheels snowplow are big, red and powerful, but they're also packed with smart features.

All HONDA HSS970AEW snowplow feature an electronically controlled exhaust chimney to make it easy to eject snow in any desired direction, ideally as far away as possible.

Throwing snow a distance of 16 meters requires a lot of effort and it would take many people equipped with shovels to do all the work; again, the HONDA HSS970AEW snowplow with GX270 4-stroke engine will do all the work in no time. This engine is as reliable as it is powerful and is designed to produce low noise, vibration and emissions, while also ensuring low fuel consumption. And it has no problems with cold starting either. Thus, these snowplow are the quietest and most comfortable to use.

Melting ice also brings problems. In this case, it is the leaks and standing water on the roof that can damage the property. To avoid problems for buildings with flat roofs, those who own a Honda snowplow take it to the roof of their home, where once again these snowplow shine in grip and maneuverability.

This snowplow has a unique hour meter function that tells you when the next service is due and when routine maintenance is due.

TECHNICAL FEATURES HONDA HSS970AEW with wheels

Net power: 6.3 kW  
Fuel: Gasoline  
Engine: Honda GX 270  
Starting system (AMP): Manual recoil starter  
Working width: 710 mm  
Working height: 510 mm  
Maximum capacity: 50 t/h  
Maximum jet distance: 16 m  
Jet direction adjustment: Manual  
Transmission: Hydrostatic  
Traction type: Wheels  
Consumption: 2.27 Lt/h  
Acoustic power: 102 dB(A)  
Length: 1465 mm  
Width: 725 mm  
Height: 1150 mm  
Weight: 100 Kg  
Speed (km/h): 0-3.96

**Product features:**

Fuel: Gasoline  
Engine: Honda GX270, 4 stroke  
Engine rpm (rpm): 3600  
Ignition: Recoil  
Starting system: Manuale  
Working width (mm): 710  
Working height (mm): 510  
Capacidad máxima (t/h): 50  
Speed (Km/h): 0-3.96  
Throwing distance (m): 16  
Discharge chute adjustment: Manual  
Transmission: Hydrostatics  
Net power (kW): 6.3  
Fuel tank capacity (L): 5  
Consumption (L/h): 2.27  
Running time (h): 2.2  
Acoustic power: 102 dB(A)

Length (mm): 1465

Width (mm): 725

Height (mm): 1115

Dry weight (Kg): 100

Traction type: Wheels

Engine manufacturer: Honda
