

JANUS CBF01203M

Switching Battery Charger

14V - 3A

Product price:

49,10 € tax excluded

Product description:

CBF and CBR industrial battery chargers are born from the precise need to have a reliable battery charger to install and forget. The sturdy metal container is equipped with fastening eyelets for the various needs. Connections are made via removable terminal blocks.

All models are equipped with an operating condition indicator led.

CBF models have an opto-coupled signal output and a RS485 Modbus communication port for connection to external systems.

CBR models also have an SAE J1939 communication port on the Canbus at 250 kbps.

Non-binding images and technical data.

Product features:

Frequency (Hz): 50 / 60

Voltage (V): 230

Cooling: Natural convection

Protection degree: Reverse polarity, short circuit, high temperature

Output voltage (V): 12

Nominal current (A): 3

Battery type: Lead acid

Operating temperature (°C): -40 / +50

Length (mm): 154

Width (mm): 95

Height (mm): 50

Overload protectors: Yes
