

SINCRO EK2 LCT Single Phase Synchronous AC Alternator 8 kVA Capacitor

Product description:

SINCRO EK2 LCT ALTERNATOR 10 KVA SINGLE-PHASE

Alternator SINCRO EK2 LCT singlephase with a power of 10KVA, this unit has a Brushless operation equipped with capacitor voltage regulator.

The alternator is foreseen to work at frequency 50 or 60 HZ, the possibility to work on these two frequencies makes possible its application for any service voltage increasing its versatility for a correct operation.

All the components that make up the SINCRO EK2 LCT alternator are subjected to a specific coating and/or impregnation process aimed at safeguarding the functionality of the generator and protecting the critical peers in the various conditions of use.

For extreme weather conditions, models are available that also guarantee IP23 standard water protection up to 60° from vertical. SINCRO EK2 LCT is a brushless alternator, this feature together with the high efficiency of the regulator ensure a low level of interference with radio waves.

SINCRO alternators are all equipped with a voltage regulator, in the case of the EK2 LCT model with a capacitor. The voltage regulator, applied to synchronous current generators, has the objective of maintaining a constant operation of the machine, in its most efficient regime. Generally, this means keeping the power factor at values close to 1, but if the synchronous machine is also used to phase other consumers in the same settlement, these values may vary.

Select the alternator that reflects the **technical specifications you require**, visit our dedicated section to understand how.

TECHNICAL FEATURES SINCRO EK2 LCT

PrestaShop

R

Phase Type: Single-phase Maximum singlephase output: 8.0 KW Maximum singlephase continuous output: 6.4 KW Maximum singlephase output: 10.0 KVA Maximum singlephase continuous output: 8.0 KVA Frequency: 50-60 Hz Voltage: 230 V Protection rating: IP23 Agent speed: 3000 rpm Number of poles: 2 Weight: 34.7Kg Brushless Voltage regulator: Condenser Type of alternator: constant speed
