Product description:

Brushcutter HONDA UMK 435 UE

HONDA UMK 435 UE brushcutter with handlebar handle and practical harness. HONDA UMK 435 UE Brushcutter is designed to be practical yet powerful and reliable, ensuring constant power and torque even under demanding conditions. HONDA UMK 435 UE brushcutter consists of GX35T 4-stroke petrol engine and is capable of doing any job you expect. There are no areas that an intricate undergrowth can hide. With the extremely robust & reliable 4-stroke HONDA UMK 435 UE garden brushcutter, you can go where no other brushcutter can go. This brushcutter has a semi-automatic system that guarantees feeding of cutting line. HONDA UMK 435 UE when wire starts to wear out, it reduces cutting performance. So now, when this happens, simply tap the brush head to the ground and more wire is automatically released.

A brief overview of Honda products

Right from start, HONDA UMK 435 UE brushcutter is extremely handy. They can handle any type of job, no matter how long or demanding, and with choice of two powerful 4-stroke engines, they are ready for any challenge.

Handlebar grip

These HONDA UMK 435 UE brushcutters come standard with a comfortable harness, a nylon head for beat-and-go & a heavy-duty three-point blade. The adjustable handlebar provides better and safer grip when mowing unwanted vegetation.

Ring handle

Ring handle brushcutters come standard with the comfortable harness, a nylon head for swing go & a heavy-duty 3-point blade. They are perfectly balanced & provide sensitive control when pruning or edging.

Curved shaft

Is equipped with the nylon head beat & go. The extremely low weight and balanced proportions

make it easy to control unit while you work, so it will be much easier to reach even the most difficult places.
