What will impress you is first & foremost the quality of finish. Credit for this lies above all in engine, transmission & robust clutch, which direct power to where it is needed, in other words, deep down.

Just select speed & you're off. All Honda compact rotary tillers F510K7 compact rotary tillers are equipped with a transmission that ensures optimal & powerful traction, regardless of speed of the cutter.

This means that you can adjust the advancement over performance of the cutter to achieve a perfect result every time.

Cutters not included.
