

TELECO TELAIR ACTIVSAT 85 TWIN Automatic portable satellite antenna LNB TWIN

Product price:

1.050,00 € tax excluded

Product description:

TELECO TELAIR ACTIVSAT85T TWIN LNB

TELECO TELAIR ACTIVSAT85T TWIN LNB is a fully automatic portable satellite antenna. With TELECO TELAIR ACTIVSAT85T TWIN LNB you can park your caravan under the shade of the trees and easily place the automatic ACTIVSAT system on the adjacent lawn.

TELECO TELAIR ACTIVSAT85T TWIN LNB simply open the tripod, mount the motor unit on its top, insert the satellite antenna and connect the cable to the vehicle's external Activsat socket. Installation is really intuitive, quick and simple and does not require additional tools.

The antenna will point the satellite in a few seconds, you can adjust TELECO ACTIVSAT85T TWIN LNB either via Bluetooth using your smartphone or by simply pressing a button in the control unit inside the caravan.

The TELECO TELECO TELAIR ACTIVSAT85T TWIN LNB antenna gives you the possibility to enter the quick search mode, in this mode the dish limits the search to only 120°, and besides being much faster, it saves 70% of battery power.

In order to use the Quick Search mode it is necessary to first point the dish in the SOUTH direction. If you are unable to find the SOUTH direction, you can disable Quick Search and the System will automatically perform a 360° Total Search.

Each time ACTIVSAT points at a satellite, this position is stored in the system memory and allows you to further reduce the time of the next search.

If someone cuts the cable, a very loud beep is emitted and you can automatically turn on an external light.

For safety reasons TELECO TELAIR ACTIVSAT85T TWIN LNB is closely linked to its internal

control unit by the Serial Number. All Serial Numbers are registered in a TELECO Data Base and if someone steals or disconnects the outdoor unit without authorization, he will not be able to have any control unit as a spare part without providing the Serial Number of the outdoor unit and his Name. This makes TELECO TELAIR ACTIVSAT85T TWIN LNB completely unusable.

TECHNICAL CHARACTERISTICS TELECO TELAIR ACTIVSAT85T TWIN LNB satellite antenna

16 stored satellites

High definition blue OLED graphic display
