Product description:

TELECO MOTOSAT DIGIMATIC65 SATELLITE ANTENNA 65cm

The TELECO MotoSat DigiMatic65 Satellite Antenna is designed to offer precision and ease of use, combining advanced technology with practicality. Based on the MotoSat model, this version integrates a digital pointer and an electronic inclinometer, allowing quick and precise satellite alignment with just a few simple manual adjustments.

Thanks to the DSF90E/HD digital pointer, the TELECO MotoSat DigiMatic65 eliminates the challenges related to digital signal delays and LCD TV latency, making the alignment process fast and efficient.

Main advantages of the TELECO MotoSat DigiMatic65:

Advanced technology: equipped with an electronic elevation meter that displays the actual inclination angle of the dish on the screen, regardless of the vehicle's leveling.

Intuitive pointing system: the DSF90E/HD clearly indicates elevation and signal strength, simplifying satellite alignment without errors.

Universal compatibility: ideal for various types of satellite TV systems thanks to its versatile design.

Compact dimensions: perfect for those looking for an efficient solution without sacrificing space.

Technical specifications of the TELECO MotoSat DigiMatic65 Satellite Antenna:

Closed dimensions: 80 x h16 cm

Weight: 8 kg

Dish: 63.5x59 cm, available with long pole (52 cm) or short pole (33 cm).

Kit contents TELECO:

Pre-assembled satellite antenna

DSF90E/HD digital pointer

65 cm dish

Detailed instruction manual

How the TELECO DSF90E/HD works:

Select the desired satellite (e.g., ASTRA 23).

Adjust the elevation using the reference map.

Rotate the dish towards SOUTH until a continuous "BEEP" is heard.

Wait for the SAT OK LED to confirm correct alignment.

Optimize the inclination until the maximum number of LEDs are lit on the LEVEL indicator.

The TELECO MotoSat DigiMatic65 Satellite Antenna is the ideal choice for those seeking a precise and reliable manual satellite antenna. With its innovative features and compact design, it ensures optimal reception and easy setup, even for less experienced users. The TELECO MotoSat DigiMatic65 is synonymous with cutting-edge technology and performance.

Product features:

Diameter (Ø): 65 cm

Lenght closed (mm): 850

Width closed (mm): 650

Height closed (mm): 160

Length (mm): 650

Width (mm): 400

Height (mm): 650

Type of coupling head: Wall bracket

Product type: Satellite Antenna

Antenna orientation: Semi-Automatic

Satellites Number: 8

Weight (Kg): 8
